To: Mr. Trần Hoàng Phi  
IRMAR, INSA Rennes - 20, Avenue des Buttes de Coësmes 35700 Rennes

*Hanoi, July 3, 2026*

Dear Mr. Trần Hoàng Phi,

It is our great pleasure to invite you to participate in the SEAMS School 2026 on Applying Mathematics to Real-World Problems, which will take place from September 4 to 11, 2026, at the University of Science, Vietnam National University Ho Chi Minh City, Vietnam.

The School aims to enhance participants' understanding of the practical applications of mathematics, with a particular focus on solving real-world industrial problems. The course covers concrete industrial problems and incorporates distinct branches of mathematics, including modeling, theoretical, numerical, computational, and simulation aspects. We hope to stimulate research in specific industrial areas and, more broadly, to motivate young mathematicians to work on real-world mathematical problems.

The Organizing Committee will arrange accommodation for you during the School, in accordance with the applicable regulations.

We look forward to welcoming you to Ho Chi Minh City!

Yours sincerely,

Le Minh Ha

Managing Director
